

The health and safety of our staff and guests is our first priority in Amador Wine Country.

To keep everyone safe, we are:

- Conducting daily health screenings of our staff
- Asking guests to refrain from tasting with us if displaying sickness symptoms
- Asking our staff to wear face coverings at all times
- Encouraging guests to wear face coverings when not actively tasting
- Practicing meticulous hand hygiene
- Maintaining physical distancing among our staff and guests
- Limiting our capacity
- Limiting group size
- Asking guests to make reservations for tasting experiences
- Minimizing contact with serving items
- Sanitizing customer-contact surfaces (tables, chairs, etc.) before and after each tasting
- Frequently sanitizing all common areas and touch points, including payment devices.
- Frequently sanitizing our restrooms and other common use areas

Thank you for joining us today and for helping to keep our staff and your fellow guests safe and healthy!
