Amador's Roots

Discovery of gold (1840s) in California's Sierra Nevada Foothills attracted adventurers from around the globe. Newly rich pioneers spawned a bustling economy of hotels, inns, dining, and fine wine. Within two decades, more wineries were flourishing in the Sierra Foothills than anywhere else, creating California's first wine region.

As the gold ran dry at the end of the 19th century, our Zinfandel vineyards endured, paving the way for new pioneers of wine, drawn by microclimates and varying mountain, volcanic and valley soils ideal for producing superior wines.

Home to more than 50 wineries, Amador Wine Country vineyards experience long warm days and cooler nights, creating a temperature differential of over 30°F, allowing grapes to mature slowly while developing deep, complex flavors in elevations varying from 300 to 3,000 feet.

1840'S

In the heart of the Sierra Foothills American Viticultural Area (AVA), vintners produce classic Zinfandels, many from ancient vines dating as far back as the 1860s. In keeping with the pioneering spirit of the region, over the last 40 years our winemakers have led the way in Italian, Spanish, and Rhône varietals thriving in the foothills, creating world-renowned Barbera, Sangiovese, Tempranillo, Syrah, Viognier, and Roussanne, to name a few, allowing our guests to explore many of the world's wine varietals in one location without a passport.

Today, Amador County wineries produce more than 30 varietals in various styles and profiles, ensuring there is something for every palate.

TODAY

Beyond world-class wine, visitors to Amador Wine Country enjoy the spectacular setting of vineyard-covered hills against the backdrop of the snow-capped Sierra Mountains. Guests are welcomed into our tasting rooms with renowned hospitality delivered from our family-run wineries. If your travels allow for a longer stay, choose accommodations ranging from modern, fully appointed hotels to charming B&Bs or maybe an inn that 49ers once called home. And what is great wine without great food?

With so many options available, you can take a culinary adventure in Amador where “farm-to-fork” has been part of our culture for more than 150 years. World-class wine, warm hospitality, and distinguished history all in a spectacular Sierra Foothills setting—that’s Amador Wine Country.

Amador County sits in the foothills of the Sierra Nevada mountain range, placing us in close proximity to several metropolitan areas including Sacramento, Reno, Nevada, and Lake Tahoe. We are a short drive from cities in California’s Central Valley and an easy getaway from anywhere in the San Francisco Bay Area.

Our closest major airport is in Sacramento, about an hour’s drive away. While a short drive from many destinations, Amador Wine Country is worlds away from the everyday.

AMADOR WINE COUNTRY

ANNUAL EVENTS

Throughout the year, Amador Wine Country comes alive with events that invite guests to slow down, gather, and celebrate. From intimate, behind-the-scenes weekends with our winemakers to lively seasonal festivals filled with great wine, food, and music, these experiences reflect the region's deep-rooted hospitality, sense of community, and love of sharing what makes Amador special.

Behind the Cellar Door

MARCH

Experience the art of Winemaking. Spring in Amador Wine Country means crisp, foggy mornings that turn into warm, invigorating afternoons. Grasses create a blanket of green across acres of sprawling vineyards. Whether a casual fan or experienced oenophile, this is a great time to visit Amador Wine Country to experience firsthand with our winemakers.

Amador Four Fires Food & Wine Festival

MAY

Ignite your senses...Spark your Imagination. Amador Four Fires Festival is a unique and immersive wine and food experience celebrating four wine regions – Rhône, Italian, Iberian, Heritage California – that inspire the award-winning winemaking of Amador Wine Country, paired with international traditions of open flame cuisine.

Barbera Festival

AUGUST

An Italian Classic. Barbera may not have the name recognition as more common red wines, but it's often referred as "The People's Wine" in Italy. First planted in the 1880s, Barbera is the second most planted varietal in Amador County and one we love to call our own. The festival has cultivated newfound Barbera devotees who come from all over the world to celebrate this wonderful, little known varietal.

Big Crush

OCTOBER

Every year, we invite you to experience the heart of the harvest. Join our member wineries for a weekend of live crush demonstrations, scrumptious food pairings, and vibrant entertainment. Discover the energy of the season one glass at a time.

Harvest Dinner: Guests may purchase an add-on ticket for our Family-Style Dinner with Amador winemakers, a communal harvest meal celebrating local flavors and traditions. Limited seating.

WINERY

We started our winery because we wanted to provide a different experience; different grapes, different winemaking style, different blends, and a different level of interaction with our customers. We seek out small lots of interesting grapes from vineyards in Amador County and surrounding areas. By interesting, we mean grape varieties that most people never heard of, let alone tasted. Of course, we make wines from more recognized varieties too. We just do them differently.

WINE TREE

Wine Tree Farm

14467 HWY. 49, AMADOR CITY

FRI-SUN 12PM-5PM

We are an Off-The-Grid, non-pretentious, down-to-earth Winery and Vineyard. We use sustainable farming methods which minimize the use of chemicals to necessities, and practice good land and environmental stewardship. We're animal friendly, using sheep to keep grasses under control (but not during the growing season) and encourage you to bring your people friendly animals. Everything is done by Mom "Corinne" and Son "Nic".

Six Blocks Winery

14920 MULLER RD., PLYMOUTH
RESERVATIONS REQUIRED

Nestled in the rolling foothills of the Sierra's just above the fog (mostly) & just below the snow (mostly), we found the most beautiful little 40 acre parcel of land to call home. Our vision was to grow a few grapes & make incredible wine. For the first 20 years of living here we only dreamed of our winery and now after many more years of planting, grooming, fermenting & learning our way through the multitude of laws, rules, processes, finally we have a few vintages that we love and we think you will too.
